DISTRICT 16'S - POST BEST PRACTICES

"MEMBERSHIP IS THE LIFEBLOOD OF THE AMERICAN LEGION."

"Post Best Practices" has caught the attention of Legionnaires throughout the Department of California.

The views and ideas District 16 shares with our local posts in our e-mails and web site do not necessarily reflect the views of the Department of California.

Our views and ideas express District 16's best judgment of what we should share with our posts to help them succeed. District 16 is very proud of our efforts to help all our Legionnaires and local posts.

The District Commander's Guide published by The American Legion states, ***"Make sure the lines of communication are open so that information flows quickly and easily to the public, post, district, department and National Headquarters."*** We are following this guidance when District 16 produces our e-mails like our **"Post Best Practices."** We provide such information in the hope it will help all our local posts succeed.

Should you or your post be aware of a "Best Practice" that you believe would help other posts, please let us know. We are always looking for good information to share in an effort to help all our posts succeed.

We would like to thank all Legionnaires who continue to receive our e-mails. We hope you will share any and all information we provide in our District 16 e-mails with other Legionnaires you feel may benefit. Doing so reflects the closing words of the Preamble we recite at every meeting, ***"Mutual Helpfulness."***

Electronic versions of Legion publications make it easy to find the specific information you may need to find using the search function available in Adobe Acrobat files..

Here are a few example of the publications available online:
